Profile

Enthusiastic engineer with good knowledge in **programming** and **web development**. Proficient in **Java**, **C**, novice in **Python**, with solid foundations in **Data Structures** and **Object-Oriented Programming (OOPs)**. Passionate about converting a real world problems into websites using modern technology.

Education

Sreenidhi Institute of Science and Technology

CGPA: 9.03

Bachelor of Technology in Computer Science

Nov 2022 – Nov 2026

Shivani Junior College

GPA: 9.89

MPC Stream

June 2020 – May 2022

Technical Skills

- **Programming Languages:** Java, C, Python
- **Web Development:** HTML, CSS, Bootstrap, tailwind css, JavaScript, React.js, Node.js, Express.js, MongoDB(Learning), MySQL
- **Tools:** Git, N8N automation, Vercel, Firebase, VS Code, Figma, Canva
- **Course Work:** Data Structures and Algorithms (DSA), Object-Oriented Programming (OOPs), Database Management Systems (DBMS), Operating Systems (OS)

Projects

DrThank You — React.js, Firebase, API Integration

[Live Site](#) | [GitHub](#)

- Built a telemedicine platform with AI-powered symptom analysis, Google Meet integration, and comprehensive API management.
- Designed a smooth UI for appointments and verified doctor-patient flows.
- Implemented APIs for severity detection and auto specialist recommendations like Rapido.

Educonnect — React.js, Firebase, Bootstrap

[Live Site](#) | [GitHub](#)

- Developed a responsive education portal with task dashboards and AI-powered doubt resolution.
- Integrated learning resources for MPC and BiPC streams.

Agent ChatGpt — Automation - N8N , ReactJs, MongoDB, Pinecone, Cloud Services

[GitHub](#)

- Built an AI-powered productivity hub integrating Google Cloud services for automated workflow.
- Optimized daily efficiency by enabling RAG-based personal support and real-time updates across all services.

MSV Pickles (E-commerce UI) — Figma, Node.js, Express.js, MongoDB

[Figma](#) | [GitHub](#)

- Crafted an intuitive UI for a pickle store with seamless shopping experience.
- Built a powerful backend using Node js, Express, MongoDB.

Certifications / Achievements

- **AI Hackathon :** Finalist [Swecha](#)
- **Python Merit Certificate** – (Score: 76%) [IIT Roorkee](#)
- **Problem Solving** – Intermediate Certified [Hackerrank](#)
- **Top 10** – Geekweek Coding Contest (College Level) [ECA CLUB](#)
- **Competitive Coding:** 500+ Problems Solved, 50/100 Day Badges, Rating: 1493 [Leetcode](#)
- **Data Structures and algorithms** – Java [Apna College](#)
